

About Dance Art

Founded in 1979, Dance Art Dance Studio offers quality training in classical ballet, pointe, tap, jazz, hip hop, poms, modern, and ballroom.

It is the school's goal to provide well-rounded dance education and artistic inspiration to all students of dance with the care and the attention needed to make it a positive experience.

We are motivated to develop even the youngest dancer's interest and potential with the goal of helping each one find a greater sense of self-esteem through the study of dance.

Our faculty is highly trained and reliable. We believe that teachers should not only be exceptional dancers but also transmit their love of dance in their teaching. All prospective students are encouraged to visit the school and observe a class.
