Pictures

All pictures orders will be taken during dress rehearsal. Here is the game plan, after your class practices on the stage, the teachers will take them to get their group and individual pictures taken. A parent/guardian will need to meet us at the “picture room” and then assist in changing costumes/shoes for their next routine. Photo orders will be placed and paid for in full at dress rehearsal. Digital images will be available to view upon request.

Tickets

In order to ensure that everyone has a seat, the following changes have been made. If you want young children to have a seat in the auditorium, you will need to use one of your tickets for that child. This will allow us to keep a more accurate count. We have planned that each family will receive 8 tickets. We will start handing out tickets the early part of June. **As a reminder, tickets will not be given out until your balance is current.** Any tickets needed above and beyond your 8 tickets may be purchased for \$10.00 per ticket, after all tickets have been distributed. Any remaining tickets will be sold at the door for \$10.00.

Dancers

All dancers will be required to be dropped off backstage no later than 30 minutes prior to the start of the recital. Each class will be assigned a section of chairs/dressing room. During the recital, dancers will be brought out to the audience in a designated section to watch the recital. We respectfully ask that you do not take your dancer from this designated section. Dancers should be picked up from the backstage area by one parent after the finale’. – *If your dancer is in multiple recitals, please volunteer to help us backstage for one of the shows. Thanks!*

Finale’

This year every dancer will dance in the finale’. They will be taught the recital dance during their regular class. After the recital is over only one parent should come back to pick up your dancer, to help with the congestion backstage. If you have any further questions, please ask your teacher.
